

A tale of three niches

What are we modelling with SDMs?

What are we modelling with SDMs?

What are we modelling with SDMs?

1. What are we actually modelling?

What are we modelling with SDMs?

1. What are we actually modelling?
2. When is this a potential issue?

What are we modelling with SDMs?

1. What are we actually modelling?
2. When is this a potential issue?
3. How to know if this is an issue?

What are we modelling with SDMs?

1. What are we actually modelling?
2. When is this a potential issue?
3. How to know if this is an issue?
4. How to fix the issue?

What are we modelling with SDMs?

1. What are we actually modelling?
2. When is this a potential issue?
3. How to know if this is an issue?
4. How to fix the issue?
5. Are SDMs done?
